

FAVO

Volker Schlott - soprano saxophone **Falk Breitzkreuz - Bass clarinet**

The „reed section“ of the FUN HORNS went on rehearsal stage earlier on their tour in Siberia and rehearsed to come up with an own concept.

The goal was to sound like a whole band was playing.

A individual chamber musical sound was created there.

The exceptional about it was the sound which was transparent and harmonious – and also the musical flexibility of the process.

Stylistic elements from classical music, jazz and pop are being mixed and celebrated by the smallest grooving band in the world.

Now, FAVO have recorded “FAVO-riten”, to present compositions of Piazzolla, Puccini, Metheney, Schlott, Breitzkreuz, The Beatles, Carmicheal, Mc Ferrin and other, from their own perspective.

A live experience in every respect!
